

IANTD

As one of IANTD's Instructor Trainer Trainers I can offer one of the most comprehensive list of IANTD Instructor and IT courses available, in Aqaba All levels of Instructor and Instructor Trainer from Advanced Nitrox Instructor up to Trimix.

The IANTD Technical Instructor Trainer Courses are designed to train qualified individuals in the methods and techniques of teaching Technical Instructor Courses.

What do I need to start?

- Meet prerequisite diving qualification levels for particular IANTD Instructor Trainer Course undertaken.
- Must provide proof of suitable liability insurance for the type of diving undertaken.
- Must provide proof of current CPR, First Aid and AED training.
- Must provide proof of relevant teaching experience required for particular IANTD Instructor Trainer Course undertaken.
- Must be a current IANTD member.
- Minimum of 21 years old.

What will I do?

Instructor Trainer candidate will partake in an IANTD Instructor Trainer IEC for particular IANTD Instructor Trainer Course undertaken under the supervision of a qualified IANTD Instructor Trainer Trainer. The Instructor Trainer Candidate will also assist in a complete Instructor level course taught under an IANTD Instructor Trainer or Instructor Trainer Trainer for that level.

What do I need?

Instructor Trainer Candidate will require suitable Technical Diving Equipment for IANTD Instructor Trainer Course undertaken and also require IANTD Student kit for course.
